# 主席及 行政總裁 獻辭

MESSAGE FROM  
CHAIRMAN AND  
CHIEF EXECUTIVE  
OFFICER

疫情在過去一年仍未遏止，我們在生活各層面上，都面臨前所未有的考驗。面對難以預測的前路，我們難免出現負面情緒，正如靈實成立初期亦曾遇上過風災、火災及資金缺乏等危機，但憑著對神的信心和仰望神的引領，創辦人司務道教士跨過了重重困難，帶領機構成為荒原上的光。今天，香港正面對一個大時代的變遷，作為服事者，我們更應該緊守崗位，與同工及服務使用者同行，為有需要人士送上愛與關心，共同面對改變。我們要相信神的愛無止息，相信上帝的指引與我們同在，因為「我們曉得萬事都互相效力，叫愛神的人得益處，就是按他旨意被召的人。」（羅馬書8：28）

秉承「尊重生命・改變生命」的精神，基督教靈實協會（下稱靈實）的董事會及管理層以禱告為起始，制定機構十年計劃——「異象2030」，我們希望以積極進取的態度，緊貼人和社會的需要，走得更前。

「異象2030」是靈實未來十年的服務計劃，概括可分為四大方向。第一，「融合靈性關懷於服務，活出基督樣式的社群」為靈實一直以來的服務宗旨。我們希望將服務的環節及流程進一步結合靈性關懷，由上而下每個同工都同心，關顧服務使用者身、心、社、靈的需要。過去一年我們鼓勵同工參與「查經團契」和「生命之道」等聖經課程，先以聖經教導裝備同工，使同工在關懷服務使用者的靈性需要時能更得心應手。

其次，在「隨著社會演變，強化優質服務範疇」方面，靈實會繼續「以人為本」的服務精神，採用行之有效的服務模式，並結合過去的經驗和智慧，以現有基礎為依歸，全面改善及提升服務質素。為此，我們正全面檢視各種服務模式並準備好回應不斷變化的需求，且為前線同工提供相關的培訓，致力強化我們的服務。

「因應社會需要，推動創新服務模式」為計劃的第三大方向。隨社會的變遷，人和社會的需要亦有所改變。善用創新思維和科研，打破固有框架，更人性化地回應大眾需要。靈實希望以身作則，擔當催化者的角色，帶領業界及政府作出改變。為了加強靈實的科研能力，未來將有愈來愈多與本地大學團隊合作的科研項目在靈實推行，繼而推動樂齡科技在各種服務上的應用。

最後「提升對建立及培育對社群的承擔」是希望透過服務連結社會，結合不同界別的力量和資源，服事社區上不同持份者的身、心、社、靈需要，成為社區的健康守望者，攜手打造健康城市。靈實作為紮根西貢區的機構，我們希望加強與社區的結連。今年9月起，靈實正式在寶林邨營運西貢區的地區康健站，在不久將來亦會在蠔涌開展綜合服務中心，將我們的服務由市鎮伸延到鄉郊，繼續守望西貢區市民。

靈實成立將近70周年，機構過去的發展均以「異象」為主導，當中「異象」除了代表機構的前瞻性，更是象徵機構的文化以基督為中心。「異象2030」是靈實未來十年的願景，冀望在神的引領下，我們可以與社會上有需要人士同行，使服事者與被服事者，彼此建立更豐盛的生命。

It has been over a year, the Covid-19 pandemic still has not been contained and we face unprecedented challenges in all aspects of our lives. Dealing with the unpredictable road ahead of us, it is inevitable that we have negative emotions. Just like the early days of Haven of Hope's establishment, we have encountered many crises such as typhoons, fire, lack of funding, etc. but with faith and trust in God's guidance, our founder Sister Annie Skau Bernitsen overcame many difficulties and led our organisation to become the light on a barren land.

Today, Hong Kong is facing an era of major changes. As service providers, we should be steadfast to our mission and walk alongside our service users and co-workers, sending love and care to those in need and face the changes together. We must believe that God's love is endless and God will always guide us, because "We know that everything works for the benefit of those who love God, who have been called according to his will." (Romans 8:28)

Adhering to the spirit of "Respecting Life • Impacting Life", the Board of Directors and Management of Haven of Hope Christian Service (hereinafter referred to as HOHCS) prayed and formulated the organisation's 10-year plan – "Vision 2030". We hope that with a positive and enterprising attitude, we can be more forward thinking and keep abreast of the needs of our people and society.

"Vision 2030" is HOHCS' service plans in the next 10 years and can be broadly divided into four major directions. Firstly, "Deepen the integration of spiritual care in our service delivery and our commitment to becoming increasingly Christ-like as a community". This has always been the service mission of HOHCS and we hope to further integrate our service and processes with spiritual care, so that every co-worker from top to bottom will work together to care for the physical, mental, social, and spiritual needs of the service users. In the past year, we equipped co-workers with Bible teaching by encouraging them to participate biblical courses such as "Bible Study Fellowship" and "The Word of Life Bible Study", so that they could be empowered to deliver spiritual care to the service users.

With regards to "To strengthen our quality services in a changing society", HOHCS will continue with the "people-oriented" service spirit to adopt an effective model, combining past experiences and wisdom to build on the existing foundation to further improve and enhance the quality of our services. We are reviewing various service models and ready to respond to the changing needs, and relevant training will be provided to co-workers to further strengthen our services.

The third major direction of the plan is to "To become a catalyst to provide innovative service solutions in answering society's needs". With the changes in society, the needs of the people and society have also changed. We need to think out-of-the-box and make good use of innovative ideas and scientific research so that we can respond more humanely to public's needs. HOHCS hopes to lead by example and act as a catalyst to lead the industry and the government to make changes. In order to strengthen our research capabilities, more and more collaboration projects with teams from local universities will be implemented in HOHCS, which will then promote the application of gerontechnology in various services.

And finally, "To revitalise our commitment to the community building and nurturing". We hope to connect the society with our services, and, combining the strength and resources of different sectors to serve the physical, mental, social and spiritual needs in the community. We want to become the health guardian of the community and work together with different stakeholders to build a healthy city. As an organisation rooted in Sai Kung District, we hope to strengthen our connection with the community. Since September in this year, HOHCS has officially operated the District Health Centre Express in Po Lam. Also, our social service complex in Ho Chung will be opened shortly to extend our services from new town to the countryside, continue to serve as the health guardian of Sai Kung District.

It's almost 70 years since the establishment of HOHCS, the past development of the organisation was mainly guided by visions. These "Visions" not only represent the pioneering spirit of the organisation, it also symbolises our Christ-centered culture. "Vision 2030" is HOHCS' vision for the next 10 years. Under the guidance of God, I hope we can all walk together with the needy in the society so that we can build a more prosperous life for our service users and colleagues.

## Sister Annie Skau Berntsen, Co-Founder of Haven of Hope Christian Service

Sister Annie was born in Norway in 1911. She started to think about being a nurse after she had been taking care of her sick grandmother. Upon graduation from high school, she was enrolled in a nursing school and was baptised in the Easter morning in 1932. Not long after, she received God's calling and headed to Mainland China to share the Gospel with the Chinese. In January 1953, she arrived in Hong Kong from southern Norway by ship. Since then, she started her decades-long journey of serving the needy in Tiu Keng Leng.

With the love and mercy inherited from Jesus Christ, Sister Annie came alone all the way from Norway. She endeavoured her utmost to develop the medical services and started evangelistic work in Tiu Keng Leng. A make-shift clinic (the forerunner of HOHCS) was then established on the barren upland of Rennie's Mill for the provision of medical relief to the poor and sick. Her selfless contribution was publicly recognised; she received several awards, including the Florence Nightingale Medal in 1961 and the Order of the British Empire (OBE) in 1979.

## HOHCS: A Brief History

HOHCS was founded in 1953 as Junk Bay Medical Relief Council. Its Chinese name, "ling sut" (lingshi in Mandarin), refers to "the spiritual fruits". In response to the societal needs and for the love of Jesus Christ, HOHCS offered timely medical care to the poor and needy in Tiu Keng Leng.

Over the past 68 years, HOHCS has evolved from a small clinic on the barren upland to a non-profit Christian social service organisation, offering a range of medical and social services. Now it serves not only Tseung Kwan O but also other regions, such as Sai Kung, Kowloon East, Island East, Island West and others. HOHCS holds on to its vision and mission, and strives to provide holistic services in the spirit of loving care, professionalism, and progressiveness. Our areas of service include: **Elderly Services, Rehabilitation Services, Health Care Services and Education Services**. Furthermore, HOHCS' Relief and Charity Services offer timely assistance to the needy, realising the spirit of "Respecting Life・Impacting Life".

## Vision Prayer

God, together we serve and grow, witness the Gospel and experience Your love. May You be satisfied. Amen.

## Mission

Through a ministry of holistic care, we strive to share the Gospel and develop a Christian community. In the love of Christ, we deliver our service in a caring, professional and progressive spirit so that the lives of those serving and being served are mutually enriched.

## Core Values

With loving care and professionalism, we serve; with progressive and evangelistic attitude, we commit.

# 靈實 四大服務範疇

## OUR SERVICES

靈實成立68年來，一直肩負「尊重生命・改變生命」的精神，服事社群。昔日，司務道教士因尊重生命且憐憫弱者而來華，在調景嶺的荒原上與一群宣教士，服事在別人眼中毫無價值的難民。秉承前人的精神，今天的靈實透過照顧晚期病人、體弱長者、智障人士及其他有需要的人，滿足他們身、心、社、靈的需要，助他們重拾生命的光彩。

我們尊重生命，更希望幫助服務使用者改變生命，活出有盼望的人生，以積極的態度，發揮正能量，影響社區，與更多人一起經歷上帝的深恩厚愛。我們的服務分為四大範疇：[長者服務](#)、[健康服務](#)、[復康服務及教育服務](#)，更將福音事工融入四大範疇當中。

Over the past 68 years, HOHCS has all along been serving the society with the spirit of "Respecting Life • Impacting Life". Back in the early days, Sister Annie Skau Bernsten and a group of missionaries came to Hong Kong because of the love of God. They took care of the refugees in the barren upland of Tiu Keng Leng who were deemed valueless in the eyes of most people. Inheriting our forerunners' spirit to serve, HOHCS nowadays offers care to the terminally ill patients, the frail elders, the mentally disabled and other poor and needy, so that they can also live life to the fullest.

We look to impact the lives of our service users while respecting them as individuals. We wish to promote positive values in community so that the love and mercy of God can be shared by more people. Currently, HOHCS' scope of services includes: [Elderly Services](#), [Health Care Services](#), [Rehabilitation Services and Education Services](#), with the Evangelical Work being well integrated into all of the above.

### 支援長者需要 紓緩照顧者壓力

82歲的方婆婆早年喪偶，與兒子同住公屋，關係密切，但兒子因工作需要，經常要早出晚歸，所以過往婆婆的日常生活，不論買餸、做飯和打掃，也由她獨力處理。方婆婆的女兒雖然於早年移居新加坡，但也會經常致電關心其近況，關係親密。

直到2021年初，方婆婆在家不慎跌倒，導致右髖關節骨折。出院後，方婆婆因不良於行，需要以助行架或輪椅輔行，日常活動亦需要別人的協助。在徬徨無助之時，兒子立刻安排了一個月的假期在家照顧媽媽，女兒亦在外地嘗試替媽媽尋找相關的服務，希望為媽媽安排長期的復康及照顧。

由於方婆婆從未曾申請或接受社區上任何服務，女兒在新加坡替媽媽尋找復康及照顧的服務時，感到無從入手，一次又一次地遇上各種困難，例如申請需時和費用過於昂貴等等，加上方婆婆拒絕入住安老院舍，令女兒既焦急又無奈。及後女兒透過網上資訊，聯絡靈實長者日間暨復康中心（港島東）（下稱「中心」）查詢服務，中心個案經理透過接觸女兒，評估婆婆的服務需要後，安排婆婆接受中心的自負盈虧模式的日間照顧及復康服務，讓其兒子可安心如期返回工作崗位。當婆婆適應了這個日間照顧及復康服務模式後，個案經理亦協助她申請專為有需要長者而設的長期護理服務，讓婆婆以社區照顧服務券形式接受服務。

方婆婆家人表示，自從接受中心服務後，婆婆的一日三餐得到解決，日常護理亦有中心照顧，眼見媽媽投入各項活動，與其他長者相處融洽，亦因不用困在家中而感到喜悅。他們均感受到方婆婆愈來愈開朗，臉上多了許多笑容。兒子亦表示自己的照顧壓力都得到舒緩。女兒亦遠從新加坡向中心職員致謝，認為中心職員體貼地照顧媽媽，在家人無助之時提供最適切的協助。另一方面，方婆婆在中心亦勤於進行復康訓練，在她的努力下，促進了身體相當程度的復原。另外，在物理治療師的評估下，婆婆嘗試以拐杖步行練習，期望日後能夠以拐杖協助她提升自我照顧的能力。

## Supporting the Needs of the Elderly. Relieving the Pressure of Care-givers

82-year-old Granny Fong was widowed in her early years, and she is living in a public housing estate with her son. Mother and son has a close relationship but her son is hardly at home because of work. Therefore, Granny Fong has to take care of her own daily life and needs, from buying food, to cooking and cleaning. Granny Fong also has a daughter who has migrated to Singapore many years ago. Her daughter would often call to check on her mother and they maintained a close relationship.

It wasn't until early 2021 that Granny Fong accidentally fell at home and fractured her right hip joint. After discharged from the hospital, Granny Fong needed a walking frame or wheelchair because of her poor mobility. She also needed assistance from others in her daily activities. Feeling despair and helpless, her son applied for a one month leave to take care of his mother at home. Her overseas daughter also tried to find related care services for her mother, hoping to arrange for long-term rehabilitation and care.

Since Granny Fong has never applied for or received any services from the community, her daughter in Singapore faced many difficulties and challenges trying to look for rehabilitation and care services. For example, the application takes time and the cost is too expensive, etc. In addition, her mother refused to live in a nursing home, which has made her daughter anxious and helpless. Subsequently, through her daughter's internet search, she contacted Haven of Hope Day Care Cum Rehabilitation Centre for Elderly (HKE), hereinafter referred to as "The Centre", to enquire about the services. Through her daughter, the case manager of the Centre was able to assess Granny Fong and arranged for her to receive day care and rehabilitation services under the self-financing scheme so that her son can return to work without any worry. After Granny Fong has adapted to the day care and rehabilitation service model, the case manager assisted her in applying for Community Care Service Vouchers which are especially designed for the elderly in need so that they can receive long-term care services.

Since receiving services from the Centre, Granny Fong's family said that their mother's daily needs includes 3 meals a day has been well taken care of. It is a joy to see their mother engaging in various activities and getting along well with other elderly people instead of being alone at home. They felt that their mother has been happier, more cheerful and smiles a lot more. The son also said the pressure of being a care-taker was greatly relieved. Her daughter expressed her gratitude from Singapore and believed that the Centre took good care of her mother and provided valuable assistance when she was helpless.

On the other hand, Granny Fong is also diligent in her rehabilitation training at the Centre. Through her efforts, she has achieved a considerable degree of physical recovery. In addition, under the evaluation of the physiotherapist, Granny Fong is trying to walk with crutches in the hope that she would be able to use them in the future to regain some of her self-care ability.

日間照顧及復康服務支援方婆婆的需要，  
讓其重拾不同活動的喜悅，舒緩照顧者壓力。  
Day Care and Rehabilitation Services supports the needs of

### 「愛・連繫」彼此並肩建立基督化社群

90歲的黃伯獨居，在港沒有任何親友及支援網絡，平時喜歡在家看書及上網看資訊。他是靈實長者地區服務中心的會員，卻不喜歡參與中心活動，亦不會主動聯絡中心職員。對於非活躍的會員，我們從不會忽略其需要，職員及義工會定期以電話慰問，關顧長者身心的健康。雖然黃伯個性較沉默寡言，但他亦會接受中心對他的關懷。

有一天，他主動來到中心，向我們表示自己雙腳乏力，近日因此經常跌倒，希望我們為他購買助行架，以便外出購物。社工發現黃伯身上有多處傷口，建議他先到醫院接受檢查，但遭到拒絕。有見及此，社工安撫及穩定黃伯的情緒後，即時安排緊急食物包及上門跟進其家居安全的狀況，並轉介至靈實厚德社區長者復康及資源中心的賽馬會「抗疫同行」長者支援計劃和綜合家居照顧服務，以及安排職業治療師提供家居評估。

在社工及職業治療師家訪黃伯當日，為他量度血壓時，發現其上壓指數竟高達180有餘，故積極遊說黃伯到醫院接受檢查。經多番的勸喻及詳細分析利弊後，最終成功令黃伯態度軟化，同意到急症室求診，還指定要社工陪同。由於黃伯非常抗拒到醫院，只肯接受簡單的身體檢查，堅持不留醫及自行簽紙回家，院方亦無計可施。同行社工尊重其選擇，在出院前除了協助往後的覆診安排外，亦適時聯絡醫院的社康服務、綜合家居照顧服務隊及平安鐘機構，協調日後的照顧安排。此外，社工更安排中心義工及分配同工定期以電話慰問，以及協助購買食物和日用品，直到黃伯的健康狀況穩定下來，並能銜接到常規的家居照顧服務。

在為黃伯提供和安排所需服務的過程中，社工與他建立了互信關係，社工尊重他居家安老的意願，協助其在社區維持健康及舒適的生活環境，亦喜見黃伯逐步嘗試接受及作出改變。他喜歡與社工分享自己的人生觀，感恩在困難時能遇到靈實，認為一切都是神的恩典及安排。從前他習慣一人處理所有事務，現時他明白到隨著年紀漸長，自己的限制會增多，懂得在需要時主動聯絡社工，諮詢別人的意見；從前他會一人研讀聖經，現時他會期待義工來電一同分享基督福音；從前他孤身一人，現時被靈實的「愛」滿滿圍繞著……他滿意現時的生活狀況，讓他可繼續在家自由舒適地完成自己想做的事，而他更希望，在餘下的人生可以寫一本傳揚基督福音的書。

彼此並肩服事成長，很多時候是在不知不覺間，服務使用者與靈實連結在一起，建立基督化的社群。

### 「Love • Connect」 Building a Christian Community

90-year-old Mr. Wong lives alone and does not have any relatives, friends or support network in Hong Kong. He likes to read books at home and surfing the internet. He is a member of the Elderly Community Service Centre but does not like to participate in any activities or take the initiative to contact service staff. For inactive members, HOHCS will never neglect their needs, our staff and volunteers regularly call them to check on the elderly's physical and mental health. Although Mr. Wong's personality is more reserved, he still accepts the Centre's care for him.

One day, he voluntarily came to the Centre and told us that his legs were weak and he has been falling down very often. He hoped that we could help him buy a walking frame so that he could do his shopping. Our social worker found multiple wounds on Mr. Wong and suggested that he went to the hospital for an examination which he refused. In view of that, the social worker calmed and soothed Mr. Wong's emotions, and immediately arranged for emergency food packages and visited his home to check on his home safety status. Subsequently, the social worker referred Mr. Wong to The Hong Kong Jockey Club Support Project for the Elderly under Covid-19 and the Integrated Home Care Services through Hau Tak Community Rehabilitation & Resources Centre for the Elderly, and arranged for occupational therapists to conduct home assessments.

During one of the home visits from the social worker and occupational therapist, they found that Mr. Wong's blood pressure index was over 180 so they persuaded him to go to the hospital for an examination. After much persuasion and detailed analysis of the pros and cons to Mr. Wong, they finally succeeded in softening his attitude. He agreed to go to the Accident and Emergency Department for medical examination and even requested for the social worker to accompany him. Due to Mr. Wong's resistance of going to the hospital, he is only willing to accept a simple body examination and refused to be hospitalised. The social worker respected his decision and assisted in arranging for follow-up consultations before his discharge and also contacted the hospital's Community Nursing Services, Integrated Home Care Services and the organisation for safety alarm to coordinate future care arrangements. In addition, the social worker also arranged for volunteers and staff members to give regular phone calls and assistance in purchasing food and daily necessities for Mr. Wong until his health stabilised and was able to receive regular home care services.

In the process of providing and arranging the necessary services for Mr. Wong, our social worker established a relationship of mutual trust with him. The social worker respected Mr. Wong's wish to grow old at home and helped him maintain a healthy and comfortable living environment in the community. It is also very encouraging to see Mr. Wong gradually accepting and making changes.

Mr. Wong enjoys sharing his outlook on life with the social worker and is grateful to have encountered HOHCS in times of difficulty. He believes that everything that has happened is God's grace and under God's plan. In the past, he is used to handling all his affairs by himself but now he understands that as he grows older, his own limitations will increase, so he has learned to take the initiative to contact social workers and consult others when needed. He used to read the Bible alone, now he looks forward to calls from the volunteers to share the gospel of Jesus Christ. In the past, he was alone but now he is surrounded by "Love" from HOHCS. Mr. Wong is happy with his current living conditions as he can continue to do what he wants freely and comfortably at home. He hopes, with the rest of his life, he can write a book to preach the gospel of Jesus Christ.

Serving and growing side by side with each other often unconsciously connect service users with HOHCS to build a Christian minded community.

院友林婆婆與丈夫製作生命回憶錄，  
重溫以往的生活點滴。  
Ms. Lam and Mr. Sin reviewed their lives through

### 晚晴心願計劃

院友林婆婆因患帕金森症和認知障礙，於2014年入住靈實胡平頤養院，丈夫冼先生每天會到院舍探望和照顧，風雨不改。多年來冼先生與院舍內的同工關係就像家人般的親切。

2018年林婆婆的身體狀況開始轉變，吞嚥和言語表達能力漸漸下降，令作為丈夫的冼先生十分擔心和自責。每當林婆婆很久不張口或未有吞下食物時，他都會十分緊張，並不自觉地用嚴厲的語氣對太太說話，更常訴說兒子的不是。冼先生曾因太疲倦，在樓層坐著時，因睡著而跌倒受傷，在院舍內的同工陪同下送往醫院接受治療。

靈實胡平頤養院在2019年初構建院舍模式的晚晴心願計劃，由生命回顧、生命啟示以至晚晴照顧方向，希望院友和家人互相扶持共渡人生的晚晴。在同工與冼先生製作生命回顧過程中，他憶述夫妻間的點滴，二人如何為家庭盡心付出；太太做事很有計劃，經常為他出謀獻策，亦凡事為他設想。當談及與太太的愛情故事及兒子的學業有成時，冼先生都由衷地感到滿心喜悅。冼先生很愛太太，無論有多辛苦疲累，他仍希望能盡力陪伴太太，與她共渡餘生。

冼先生非常感恩是太太能入住靈實胡平頤養院，院舍的職員對她無微不至的照顧。而令他最難過的是，太太在家中第一次跌倒後，因未有適時安排最恰當的護理照顧，而延誤了復康進度，故此現在更盡心盡力照顧她。在回顧一生和與太太共渡難關的生活點滴後，冼先生對照顧太太的負擔減輕了，亦願意打開心扉，接受同工的關心，多加休息和注意自己的健康。在照顧林婆婆的方面，由於冼先生有很多堅持，兒子在探訪時，雙方常爭拗，關係變得惡劣。經過個別的會談後，他們更瞭解林婆婆的狀況、互相明白及體諒父子間各自面對的問題和難處，令父子關係日漸緩和。最後，林婆婆在丈夫和兒子的陪伴下繼續有尊嚴地、舒服地渡過人生的晚晴。

### Advance Care Plan (ACP)

In 2014, Granny Lam was admitted into Haven of Hope Woo Ping Care and Attention Home due to Parkinson's disease and cognitive impairment. Her husband, Mr. Sin, visits and takes care of her every day, come rain or shine. Over the years, the relationship between Mr. Sin and the staff at the nursing home is as close as family.

In 2018, Granny Lam's physical condition began to change, her ability to swallow and communicate gradually deteriorate, which made Mr. Sin very worried and remorseful. Whenever Granny Lam has trouble opening her mouth or swallowing food, he would be very nervous, and, unconsciously spoke to his wife in a harsh tone and often complained about their son. Once, Mr. Sin was so exhausted, he injured himself while falling asleep on the floor and was sent to the hospital for treatment, accompanied by the nursing home staff.

The Advance Care Plan model was established by Haven of Hope Woo Ping Care and Attention Home in early 2019. Providing life review, life reflection as well as the directions of advance care planning allows residents and their families to support each other when approaching final stage of life. In the process of reviewing their lives, Mr. Sin expressed his love for his wife and talked about how they have dedicated their lives for the family. He said his wife is very organised and has always advised him and takes care of everything for him. When it comes to their love story and his son's academic success, Mr. Sin was filled with joy. It is clear that Mr. Sin loves his wife very much and no matter how hard and tired he is, he still hopes to be able to accompany his wife as much as possible and spent the rest of his life with her.

Mr. Sin was very grateful that his wife was admitted into Haven of Hope Woo Ping Care and Attention Home as the staff took meticulous care of her. But what saddened him the most was when his wife first fell down at home, her rehabilitation progress was delayed because he was not able to arrange for the most appropriate nursing care in time, so now he is doing his very best to take good care of her.

After reviewing his life and reflecting on the difficult times that he has gone through with his wife, Mr. Sin's burden as a care-giver has lessened as he is more willing to open his heart to accept help and concern from the nursing staff. He is getting more rest and is taking better care of himself. When it comes to taking care of Granny Lam, Mr. Sin can be very persistent so when his son comes to visit, they would often get into heated arguments, worsening their relationship. Through individual talks, both father and son were able to achieve mutual understanding while learning more about Granny Lam's condition and the challenges they have to face. Eventually, the relationship between father and son gradually improved. Finally, accompanied by her husband and son, Granny Lam is able to have spent the rest of her final years with dignity and comfort.

靈實復康服務

Haven of Hope Rehabilitation Services

## 園藝治療 — 從大自然出發

瞥見園藝治療應用於智障人士身上取得初步的成果，靈實住宿復康服務於2019年申請了伊利沙伯女皇弱智人士基金及華人永遠墳場管理委員會的撥款，一方面希望將新穎的另類治療法引入復康界，另一方面期望用實証為本及科學化的方式，研究於智障人士服務中採用園藝治療來推行生死教育的成效。

前者致力提倡將園藝治療廣泛運用於智障人士服務或訓練當中，內容包括聘請註冊園藝治療師於院舍內開辦專業小組，期望以園藝活動包括花卉及蔬果種植、乾花製作、植物照顧、壓花及組合盆栽等為介入點，藉以提升會員的自我效能感。後者則透過一項名為「『園藝•觸動生命』高齡智障人士生死教育計劃」，讓智障長者細味植物的生長週期，並透過不同的園藝活動，增加他們的正面行為、減低對死亡的焦慮、提升生活質素及增加希望感。

直至2021年3月，兩項計劃已進行得如火如荼，參加園藝治療小組的學員反應良好，他們大多被活動的內容及材料所吸引，故能專注觀看，甚至願意用手觸摸植物和泥土等。部份學員見到色彩繽紛的鮮花時，更會面露笑容，較能以言語表達的學員亦會稱讚大自然的美麗。此外，當園藝治療師講解及示範時，學員會專注地聆聽，教人欣喜的是在實踐時發現他們亦能掌握一定的園藝技巧，例如掘泥、培植種子、插枝和灌溉等，並能在有限的提示下順利完成工作，表現得充滿創意及自信。

除此以外，綜觀各個以「生命教育」為主題的園藝治療小組，效果也十分顯著。小組中一位學員參加活動前對死亡非常忌諱，不許別人談及「死」，然而，當她在小組中認識到生命有生、老、病和死四個週期後，加上從栽種植物的過程中了解到死亡其實不甚可怕，漸漸減低了對死亡的恐懼。當小組結束後，她已能持開放態度與治療師談及死亡的話題，不會再逃避。同樣地，另一位學員於參與小組前對「死亡」隻字不提，直至小組完結後，她了解到「死亡」是生命的其中一環，只要懂得欣賞生命，珍惜生命，死亡已變得不再可怕。最後，她竟能自行表達「死不用驚、不用怕」。從以上種種例子可見，以園藝治療為媒介，應用於智障人士身上推行「生死教育」確實能取得事半功倍之效。

## Horticultural Therapy - Starting with Nature

In 2019, encouraged by the initial results of Horticultural Therapy on people with intellectual disabilities, HOHCS' Residential Services for Disabled applied for grants from the Queen Elizabeth Foundation for the Mentally Handicapped and The Board of Management of The Chinese Permanent Cemeteries. On one hand, we hope to introduce innovative alternative treatments into the rehabilitation industry, and on the other hand, we hope to use evidence-based and scientific methods to study the effectiveness of Horticultural Therapy to promote life and death education in services for people with intellectual disabilities.

One aspect is committing to the promotion of a wider application of Horticultural Therapy in services or training for people with intellectual disabilities. This includes hiring of registered horticultural therapists to set up a professional team within the organisation. Using gardening activities like planting of flowers, fruits or vegetables, dried flower making, embossing, plant care and combining potted plants, etc. as intervention points to enhance service user's sense of self-efficacy. The other aspect is using the "Gardening • Touching Life" - Life and Death Education Program for the Elderly with Intellectual Disability to allow them to experience the growth cycle of plants, increase positive behaviors and reduce anxiety about death. Through different gardening activities, we hope to improve their quality of life and increase their sense of hope.

As of March 2021, these two projects have been in full swing and participants in the horticultural therapy group responded well. Most of them were attracted by the activity content and material and were able to pay full attention, some even willing to touch plants and soil with their hands. Some students smiled when they saw colourful flowers and for those who could express themselves better would praise the beauty of the nature. In addition, when the horticultural therapist explains and demonstrates, the participants will watch attentively. The most encouraging thing is that participants were able to master certain gardening skills during practice, such as digging mud, planting seeds, cutting and irrigation, etc. and getting the job done with only a few hints, showing self-confidence and creativity.

On top of that, the effects of horticultural therapy groups with "Life Education" themes have been quite remarkable. One of the students was very taboo about death before participating in the activity and will not allow anyone to talk about "death". However, once she learned that life has four cycles, of birth, old age, sickness and death, and coupled with her experience of planting and gardening, she has learned that death is not terrible and gradually reduced her fear of death. When the activity was over, she was able to talk about death with the therapist in an open manner and did not avoid it anymore. Similarly, another student confronted "death" before participating in the group. She learned that "death" is part of life and as long as you appreciate life and cherish it, death becomes irrelevant. In the end, she was able to express that "One should not be surprised or afraid to die". From the above examples, it is clear that using Horticulture Therapy as a medium to teach "Life and Death Education" on people with intellectual disabilities can indeed achieve better results with half the efforts.

## 靈實專業進修學院 Haven of Hope Professional Training Institute

### PTI傳承的足跡

回想起靈實專業進修學院（英文簡稱PTI）成立時之初衷，期望透過機構自行培訓，培養富有靈實人特質的同工為靈實及業界服務。不經不覺十年已經過去，在PTI畢業的學員數以百計，他們有些繼續護理員或保健員的工作，有些學員繼而進修護士或其他範疇的課程，當中更有些學員憑著努力，在私營安老院舍擢升至主管，讓他們可把在靈實所學的運用在工作崗位上，傳承靈實的信念，為體弱長者服務。

白凱敏在私營安老院任文職工作，由於日常工作經常接觸到保健員，令她對這行業產生興趣，故此毅然報讀相關課程。2019年，她於PTI畢業後，凱敏加入了一所新成立的安老院舍工作，與此同時，她修讀由社會福利署資助、公開大學舉辦的管理人員培訓課程，由於她既有保健員資歷，同時又擁有院舍行政經驗，凱敏很快已擢升至主管職位。

凱敏一直很懷念在PTI的日子及所學到的知識，她欣賞導師的有教無類及對行業的熱誠。故此，當得悉靈實開辦為期兩年的青年護理服務啟航計劃時，凱敏便主動申請成為僱主合作夥伴及指導員，除了對PTI培訓出來的學員有信心外，更重要的是期望能秉承靈實導師的願景，為行業培訓新一代接班人，把靈實種子繼續傳播下去。凱敏非常認同培訓的重要，一直以來她都會安排屬下員工參與社署的「院舍員工培訓資助計劃」所舉辦的課程。從靈實的學員到成為合作夥伴，凱敏經歷角色的蛻變，改變令她個人的成長愈趨豐盛；不變的是對服務的堅持與承擔，為別人的生命帶來正面的氣息。

由靈實的導師，到凱敏，再到啟航計劃的學員，彷彿有著各自的身影，卻在彼此路上留下足跡，尋找到靈實PTI的印記。

凱敏（右）期望能秉承靈實導師的願景，為行業培訓年青的新一代接班人  
Tammy (right) hopes to uphold the vision of HOHCS and train a new generation of young successors for the profession.

### The Legacy of Professional Training Institute

When Haven of Hope Professional Training Institute (PTI) was first established, its original intention was to train employees and cultivate HOHCS qualities that will help serve the organisation and the industry. Unwittingly, ten years have passed and hundreds of students have graduated from PTI. Some of them continued to work as nurses or health workers, some of them moved on to advance nursing courses or others, while some of them have been promoted to supervisors for their hard work in private nursing homes. Allowing them to apply what they have learned in HOHCS and passing on our beliefs and serving the frail elderly.

Tammy Pak is a graduate of the 2019 PTI Certificate in Combined Health Worker Training. At first, she worked in the clerical department of a private nursing home and often came into contact with health workers in her daily work. Then, she became very interested in the nursing industry and applied for the course without any hesitation. After graduation, Tammy joined a newly established residential care home for the elderly. At the same time, she attended a managerial training course funded by the Social Welfare Department and organised by the Open University of Hong Kong. With her qualifications from PTI and nursing home experience, Tammy was quickly promoted to a supervisory position.

Tammy has always cherished what she has learned from HOHCS and appreciates her mentor's teaching and enthusiasm for the profession. Therefore, when she found out about HOHCS' 2 Year Navigation Scheme for Young Persons in Care Services, she immediately applied to become a partner employer and instructor. Apart from having confidence in the students trained by PTI, she also agrees that it is more important to uphold the vision of HOHCS to train a new generation of successors and pass on the legacy. Tammy firmly believes the importance of training and will always enroll her staff in courses organised by the Social Welfare Department under the Training Subsidy Scheme for Staff of Residential Care Homes.

From a student of HOHCS to becoming a partner, Tammy has experienced a transformation in her role and these changes have further enriched her personal growth. What remains unchanged is her persistence and commitment to the profession, bringing positive energies to the lives of others.

From HOHCS' teachers, to Tammy and all the students who have set sail, each of them has left indelible footprints on their journey, contributing to the legacy of HOHCS' PTI.

### 院友生命故事 最美的時光

新冠肺炎持續肆虐逾一年，影響無遠弗屆。院舍及醫院為配合防疫紛紛收緊探訪安排，病友頓失家人的陪伴。生離、死別在疫情下更顯得無奈及蒼涼，沒法好好送別至親亦令家人留下不能磨滅的傷痛及遺憾。

獲賽馬會安寧頌支持，靈實司務道寧養院（下稱寧養院）「安居晚晴照顧計劃」於2016年開始，將寧養支援服務帶到晚晴病友家中，讓他們可在充分知情下作出合適的臨終護理選擇。「安居晚晴照顧計劃」的外展支援團隊以個案管理模式為晚晴病友及其家人提供整合的醫療護理，減少不必要的急症入院。團隊包括舒緩科及老人科專科醫生、個案管理護士、社工及物理治療師等，透過跨專業的醫護團隊，讓晚晴病友在熟悉的環境中，以及摯親的關愛下，得到有尊嚴的照顧及心靈的平安，為受疫情影響的晚晴病友及他們的家屬提供更多支援。

洪燕璇婆婆是計劃中其中一位選擇在家離世的成功個案。

2019年9月洪婆婆確診患上直腸癌，翌年6月癌病復發並擴散，12月接受舒緩治療，並於今年1月辭世。婆婆的病情來得急也來得猛，但家人反應迅速，把每一件事都認真處理、交托好，讓婆婆可安心。洪婆婆與家人關係親密，即使有部份已移居海外，亦透過視像跟他們一一道別。彌留時洪婆婆決志信主，並在孫女的陪同下，逐一為家人禱告。而從未錯過子女生日的洪婆婆也挺過了兩位女兒的生日，才安詳地含笑而終，為人生旅途畫上完滿的句號。

承蒙洪婆婆的孫女Candy及負責護士陳麗明姑娘接受訪問，分享整個照顧過程的點滴。除了給有同樣意願的家庭作參考外，亦希望藉此呼籲政府及善長投放更多的資源，讓晚晴家居照顧成為更普及的選擇。

### A Patient's Beautiful Life Story

Covid-19 pandemic has been raging for more than a year, and its impact is far-reaching. In order to cope with the pandemic prevention measures, nursing homes and hospitals have tightened visitation arrangements leaving patients with no contact with their love ones. Life and death become more miserable and desolate under the pandemic and the inability to bid Farewell to love ones leaves family members with indelible pain and regret.

Supported by the Jockey Club End-of-Life Community Care Project, Haven of Hope Sister Annie Skau Holistic Care Centre (hereinafter referred to as Holistic Care Centre) launched the "Hospice at Home Project" in 2016, bringing nursing support and services into the homes of the terminally ill and empowering them with the right knowledge to make appropriate end-of-life care choices. The "Hospice at Home Project" support team provides integrated medical care and services for patients and their families based on a Case Management model, thus reducing unnecessary emergency hospital admissions. The team includes palliative and geriatric specialists, case management nurses, social workers, physiotherapists, etc. Through the multi-professional medical team and the care of their families, end-of-life patients who are affected by the pandemic will receive dignified care and a peace of mind in a familiar environment.

Granny Hung Yin Suen was one of the successful cases in the project who chose to die at home.

In September 2019, Granny Hung was diagnosed with Colorectal cancer. In June the following year, the cancer returned and spread. She received palliative treatment in December and died in January this year. Granny Hung's illness was sudden and shocking but her family responded quickly and handled everything meticulously so that she can be at ease. Granny Hung has a close relationship with her family and even though some of them have emigrated, they were able to say goodbye through video. At the time of her death, Granny Hung was determined to believe in the Lord, so accompanied by her grand-daughter, she prayed for her family one by one. Granny Hung who has never missed her children's birthday, passed away peacefully after her two daughters' birthdays, drawing a perfect end to her journey of life.

Thanks to Granny Hung's grand-daughter Candy and Chan Lai Ming, the nurse in charge, for accepting our interview and sharing their experiences and the entire care process. Apart from providing references to families with the same aspirations, we would like to call on the Government and donors to invest more resources to make hospice home care a more popular option.

#### 問：如何得知寧養院的「安居晚晴照顧計劃」？

**Candy：**婆婆希望在家照顧的意願一直很清晰，她患病期間曾多次進出醫院，對「入咗醫院出唔返嚟」心生恐懼。所以當知道婆婆癌病復發，病情又不樂觀時，家人便四出搜尋資料，研究在家照顧的可行性。奈何坊間資訊不多，能找到的只有零星私營醫療服務的資料。但私營醫療服務水準參差，我們沒有信心婆婆可得到最適切的護理。直至阿姨在網上找到香港大學和香港中文大學合作進行的晚年在家照顧的研究，便立刻聯絡兩所大學，最後婆婆經評估後獲確認符合「安居晚晴照顧計劃」的資格。我們與主診陳醫生及陳麗明姑娘溝通後，更感謝神的眷顧，讓經驗豐富的醫療團隊照顧婆婆。而且計劃得到賽馬會資助，免除我們的經濟負擔。

#### 問：可以分享你們在家照顧的經驗嗎？

**Candy：**雖然婆婆有糖尿及高血壓，但一向健康活躍，在家中擔當照顧者的角色，家中上下幾代人皆由她親手帶大。及至癌病復發並擴散期間，婆婆進食後嘔吐嚴重，不時自責拖累家人，婆婆更由140多磅跌至只有90多磅，我們看著也心疼。其實初時我們的經驗不足，只會乾著急，反倒是婆婆主動提出喝粥水代替。自「安居晚晴照顧計劃」團隊接手個案後，情況便大大改善。他們對婆婆病情每一個階段的變化都了解透徹，如「先知」一樣，讓家人有充足的心理準備，並能適時作出配合和安排。

照顧婆婆的責任主要由與婆婆同住的細姨Donna、五姨Peggy、我及工人姐姐分擔。由於要照顧自己家庭及兩位女兒，我負責日間的照料，順道協助細姨Donna兒子的功課。我一般早上在細姨Donna離家前到達，至黃昏離開。五姨Peggy有自己生意，工作時間較有彈性，所以一有時間就前來探望、閒聊和幫忙照顧，好讓我有休息的機會，而細姨Donna就擔當一早一晚照顧的角色，另外工人姐姐則負責晚間的照顧，早上補充睡眠。

除人手分配外，家人的堅持和配合也很重要。婆婆有十名子女，家中成員眾多，出於對婆婆的愛，大家皆願意放下自己固有的觀念，目標清晰一致，盡力完成婆婆「在家離世」的心願。

#### Q: How do you know about the Holistic Care Centre's "Hospice at Home Project"?

**Candy:** My grand-mother's desire to be taken care of at home has always been made clear. During her illness, she has been in and out of hospital several times and she was terrified of "Going into the hospital and not being able to come out". So, when her cancer recurred and her condition was not optimistic, our family members started looking for information on how we can look after her at home. However, very little information was available and only sporadic data on private medical services can be found. We also felt that the standard of the private medical services is inconsistent so we are not confident that our grand-mother can receive the best care. It was not till my aunt found a research paper on home care for the elderly jointly conducted by the University of Hong Kong and the Chinese University of Hong Kong on the internet. She immediately called the universities and after assessment, my grand-mother was confirmed to be eligible for the "Hospice at Home Project". After consulting with the attending doctor, Dr. Chan and the nurse in charge, Chan Lai Ming, we were so grateful to God for His kindness for giving us such an experienced medical team to take care of our grand-mother. Moreover, this project was funded by the Hong Kong Jockey Club, which helped greatly reduce our financial burden.

#### Q: Can you share your experiences of caring at home?

**Candy:** Although my grand-mother suffers from diabetes and high blood pressure, she has always been healthy and active. As the sole caregiver at home, she has brought up generations of family members. When the cancer recurred and spread, grand-mother had severe vomiting after food and she is constantly blaming herself for burdening the family. She lost more than 50 pounds and it was heartbreaking for us. In the beginning, due to our lack of experience, all we can do is to feel anxious, it was our grand-mother who suggested substituting her diet with porridge and water. The situation greatly improved after the "Hospice at Home Project" team took over the case. Just like "a prophet", they have a thorough understanding of the changes in each stage of our grand-mother's illness, giving us sufficient psychological preparation to make timely cooperation and arrangements.

The responsibility of taking care of our grand-mother is mainly shared by Donna, my youngest aunt who is staying with her, my fifth aunt Peggy, myself and our helper. Since I have to take care of my own family and two daughters, I help out during the day. I also help my nephew with his homework. I usually arrive in the morning before my aunt Donna goes to work and leave in the evening. Aunt Peggy has her own business so her working hours are flexible. Whenever she has time, she comes to visit, keeps me company and helps out so that I get a chance to rest. My aunt Donna takes care of grand-mother in the morning and in the evening and the helper is responsible for the night shift and she supplements her sleep in the morning.

In addition to the allocation of manpower, the persistence and cooperation of the family is also very important. Our grand-mother has 10 children so there are a lot of family members! Out of love for our grand-mother, everyone is willing to set aside their inherent ideas and work towards one clear and consistent goal, which is to help fulfil our grand-mothers wish of "passing away at home".

Chan Lai Ming (second from left), case management nurse, taught family members of end-of-life patients skills of subcutaneous injection, tube disinfection and intravenous therapy.

#### 問：在家離世需要具備什麼條件？有什麼困難？

**陳姑娘：**臨終護理充滿變數，病情的控制尤為關鍵。而過程中病友及其家人能否堅持初衷，病情變化下家裡支援又是否足夠，凡此種種皆影響病友臨終的安排。

要達成病友在家離世的心願，需克服許多生活起居的難題。病友及其家人要目標一致、持續和堅定。病友有清晰的意願，家中成員亦願意全力支持。其他客觀因素如症狀的控制或遺體的處理等也需要細心考量。過程中出現意見分歧要開誠溝通。家人與支援團隊需要合作無間，彼此信任。事實上，照顧晚期病友有不少細節及技巧，往往超出想像，所以家裡必須有足夠的人手分擔護理工作。能夠分工清晰、行動迅速，如果擁有一定的醫護常識和充裕的資源相對較有利。病情發展可急可緩，又或瞬間急轉直下，萬一出現狀況如抽筋等便必需入院治理。因此，即使已致力配合並初心不變，病友及其家人亦須有心理準備最終或未能如願。

洪婆婆是此計劃開展以來，其中一位成功個案。對以往一些未盡人意的結果，我也曾耿耿於懷，但漸漸領悟到成功與否，有很多客觀因素影響，只求凡事盡力。從照顧洪婆婆的經歷中，我看見他們一家對婆婆無微不至的照料，最終能達成她壽終正寢的心願，讓我更深明白這個團隊的使命任重道遠。

#### 後記：

經常聽老人家說「好生不如好死」。洪燕璇婆婆一生為愛無私奉獻，兒孫滿堂，走到人生終站，獲所愛盡心回饋，安然地走完沒有遺憾、沒有牽掛的最後一程，帶著微笑告別人間。

洪婆婆及其家人的經歷，就如寧靜禱文（The Serenity Prayer），從信靠中找到力量。「神啊，求祢賜給我一顆寧靜的心，去接受不能改變的事。賜我信心和勇氣，去改變能改變的事。賜我智慧，去分辨這兩者的不同。」縱使婆婆身患不治之症，但憑著一家人的愛護，一直陪伴左右，共渡珍貴美好的時光。

#### Q: What are the requirements for dying at home? What are some of the difficulties?

**Ms Chan:** End-of-life care is full of variables, and disease control is particularly critical. During the process, many situations will affect the wishes of the dying. For example, whether the patient and family can adhere to the original plan, and whether there is enough support at home to deal with changes in the illness.

To fulfill the patient's wish to die at home, it is necessary to overcome many difficulties in daily life. The patient and their family members must have the same goal, perseverance and determination. When the patient has a clear wish, family members must be willing to give their fullest support. Other objective factors such as symptoms control or the handling of the deceased must also be considered carefully. Any disagreements should be communicated openly, family members and support teams need to work together and trust one another. In fact, there are many details and skills in taking care of end-of-life patients, which are often beyond one's imagination, so there must be enough man-power at home to share nursing work. You need to divide workload clearly and act quickly and it's even more beneficial if you have some medical knowledge and sufficient resources. Patient's condition can progress quickly or slowly, it can also be highly volatile. In case of conditions such as cramps, the patient must be admitted to the hospital for treatment. Therefore, even though family members have worked hard to cooperate and stick to their original intentions, they must also be psychologically prepared in the eventuality when they failed to achieve their wishes.

Granny Hung is one of the successful cases since the launch of this project. I have been worried about some of the unsatisfactory results in the past, but I gradually realised that success is affected by many factors, and I just want to do my best. From this experience, I saw how her family took such great care of her and ultimately fulfilling her final wish. This has given me a deeper understanding of our mission and its profound impact.

#### Postscript:

We often hear old people say that "A Good Death is Better Than a Good Life". Granny Hung has dedicated her entire life to love selflessly, accompanied by her children and grandchildren she was able to complete life's last journey with no regrets, nor worries. Surrounded by loved ones, she passed away peacefully and with a smile.

The experience of Granny Hung and her family is like The Serenity Prayer – Finding Strength in Trust. "God, please give me a peaceful heart to accept the things that cannot be changed. Give me the confidence and courage to change the things that can be changed. Give me the wisdom to tell the difference between the two." Even though Granny Hung was suffering from an incurable disease, but with the love of her family, she was able to spend precious and beautiful time together.

## 傳揚福音 GOSPEL SHARING

福音事工部 Haven of Hope Evangelistic Work Department

### 醫院札記 — 左右手

五十多歲的阿志突然中風入院，左邊身的活動能力大受影響，起居生活需人協助。院牧第一次探訪阿志，他起初頗冷靜，但十分鐘後談及內心感受時，他眼泛淚光地表示今次中風相對他十八歲時的暑期工意外，是個更巨大的打擊。當年他雖然失去右手掌，但左手掌倖存，雙腳亦可活動自如，兼且年紀尚輕，加上有其他年輕患者一起奮力進行治療和復康運動，令他百折不撓地不斷鍛鍊左手，使左手能替代右手做所有事情。最終，他憑著堅毅不屈的精神，克服了斷掌對身心的影響，繼續工作，在事業上更有晉升機會。

可是今次中風所影響的活動範圍正是他多年辛苦鍛鍊的左邊身，尤其在入院初期，左手的五隻手指完全用不到力，如同被廢了一樣，真的晴天霹靂，萬念俱灰。他哭著說：「我的人生完了，現在我連食飯、去廁所都要人幫。今次我無法選擇不放棄。」當時院牧想起一節經文：「你們所遇見的試探，無非是人所能受的。神是信實的，必不叫你們受試探過於所能受的，在受試探的時候，總要給你們開一條出路，叫你們能忍受得住。」〔林前10:13〕院牧向他分享這節經文，並說：「主耶穌從來沒有放棄你，你雖然中學信主後再沒有返教會，但主到這刻仍居於你心，主永不放棄你，這條康復之路無疑是十分艱難，但不代表是絕路，深信主必為你開路。」

院牧每次探訪時都會和他讀經和祈禱，他特別喜歡一起誦讀這一節金句：「我留下平安給你們，我將我的平安賜給你們。我所賜的，不像世人所賜的。你們心裏不要憂愁，也不要膽怯。」〔約14:27〕漸漸地，他因感受到主所賜的平安，晚上不再發惡夢，亦沒有再胡思亂想是否因鬼神而引致中風，大大改善了精神狀況。

信靠著主，心靈多了一份重要力量去面對這次逆境，令阿志消極的態度漸漸消退，努力做復康運動。在院牧首次探訪他的兩個半月後，他已可準備出院了，並能透過不同的義肢工具，用斷掌的右手自行食飯，這是以往他覺得無可能發生的事。在他出院前一天，院牧再探望他，他不時展露笑容，並表示最近能「一覺睡到天光」，心裏滿有平安。院牧和他回顧過去三個月的住院日子，雖然當中充滿著沮喪、絕望、氣餒和徬徨無助，但同時充滿著主的恩典、平安、扶持和力量。他深深感受到中學時期認識的主耶穌對他的愛是從不間斷的，儘管他中學畢業後沒有返教會，甚至已遠離主，但主仍然對他不離不棄。最後，他跟隨院牧作決志祈禱，重新歸主，並繼續踏上康復之路。

### Hospital Diary – Left and Right Hand

Calvin, who is in his 50s, was admitted to hospital after a sudden stroke. The mobility of his left side of the body was greatly affected and he needed assistance with his daily life. When the Chaplain first visited Calvin, he was quite calm but after 10 minutes of talking and sharing, he revealed tearfully that the stroke was a greater blow than the summer job accident when he was 18 years old. Although he had lost his right hand that year, his left hand survived and both of his feet were mobile. At that time, he was still young and there were other young patients struggling with the same treatment and rehabilitation, so it motivated him to persevere and exercise his left hand. Eventually, his left hand was able to do everything like his right hand. In the end, with his perseverance and unyielding spirit, he overcame the physical and mental impact of his severed hand. He continued to work and even had many advancement opportunities in his career.

However, because of the stroke, it has affected the range of mobility on the left side of his body which he has worked so hard for many years. Especially in the early stages of hospitalisation, his fingers were so weak, his left hand felt completely useless, it was a devastating blow. He cried and said, "My life is over. Now I needed help even to eat and use the toilet. This time, I have no other choice but to give up." At that moment, the Chaplain thought of this verse: "The temptations you have encountered are nothing more than humans can bear. God is faithful and will not allow you to be tempted more than you can bear. When you are tempted, He will always open a way out for you so that you can endure it." (1 Corinthians 10:13) The Chaplain shared the verse with Calvin and said: "The Lord Jesus never gave up on you. Although you never returned to the church after high school, the Lord still lives in your heart. The Lord will never abandon you. The road to recovery will undoubtedly be very difficult, but it does not mean that it is a dead end. I firmly believe that the Lord will clear the path for you."

The Chaplain reads the scriptures and prays with Calvin every time he visits and he especially likes to recite this verse: "Peace I leave with you; my peace I give you. I do not give to you as the world gives. Do not let your hearts be troubled and do not be afraid." (John 14:27). Gradually, Calvin felt the peace that the Lord had given him, he no longer had nightmares and he stopped speculating on what caused his stroke which greatly improved his mental condition.

Believing in the Lord has given Calvin's heart and mind a powerful force to face his adversity. Gradually all his negative thoughts faded and he was able to focus on his rehabilitation. Two and a half months after the Chaplain's first visit, he was ready to leave the hospital and was able to use different prosthetic tools to eat on his own using his severed right hand. This was something that he thought was impossible in the past! The day before his discharge, the Chaplain visited him again. With a huge smile, Calvin said that he was able to "sleep till daylight" and his heart was filled with peace.

Reflecting with the Chaplain on his 3 months of hospitalisation, though it was filled with frustration, despair and helplessness, it was also full of the Lord's grace, peace, support and strength. He felt deeply that the love of Lord Jesus was always there. Even though he has not returned to the church after graduating from high school, the Lord has not abandoned him. In the end, he made the decision with the Chaplain to pray for his return to the Lord and continued on his road to recovery.

疫情下縱然未能舉行面授課堂，靈實恩光學校（下稱恩光學校）透過紙本和線上平台等，為家長及學生提供不同形式的學習資源，帶動學生「在家學習」。透過課程資源中心網站，每周上載多元化的學習資源如不同學科、聖經道理、以及治療師和護士等專業團隊提供的小竅門，讓家長及學生可一起瀏覽或隨時重溫。同工分工合作，教師負責準備合適的教材，治療師則為學生修整及改裝訓練工具，不斷因應學生的需求調節，以提升「在家學習」的成效。

此外，即使在疫情期間，亦無礙我們對主的敬拜。恩光學校每六星期會舉辦一次無障礙崇拜，讓有特殊學習需要學生的家庭，可以更彈性的方式感受靈性的關懷和支援。

#### 姿彩多色的校舍

暑假期間，整個恩光學校的校園換上煥然一新的面貌。一樓的課室及特別室分成紫色區及藍色區，以方便學生及家長識別，亦為新房間豎立了指示牌。此外，為了進一步改善學校辦公室的接待服務，我們八月迎來一個全新的接待處，熟悉學校運作的職員會輪流成為接待員，協助迎接家長及訪客。

Even though face-to-face classes cannot be held during the Covid-19 pandemic, Haven of Hope Sunnyside School continues to provide parents and students with different forms of learning resources through books and online platforms to encourage students to "Learn at Home". Through the Curriculum Resource Centre website, a wide range of learning resources ranging from different subjects, bible doctrines and professional tips from therapists and nurses are uploaded weekly, so that parents and students can browse together and review them at any time.

Dividing their jobs and working in tandem, the teachers are responsible for the preparation of suitable teaching materials while the therapists are responsible for adjusting and modifying training tools for the students in order to enhance the effectiveness of learning from home.

In addition, even during an pandemic, it will not affect our worship of the Lord. Every six weeks, Sunnyside School conducts a barrier-free worship session so that families and students with special learning needs can feel spiritual care and support in a more flexible way.

#### Vibrant and Colourful School Building

During the summer vacation, the entire Sunnyside School campus was given a new look. Classrooms and special rooms on the first floor are divided into purple and blue zones for easy identification and signages have been installed for the new rooms. Additionally, to further improve the reception services of the school, we had created a brand-new reception experience at the reception area in August. Staff familiar with the operations of the school will take turns to become receptionists to welcome and assist parents and visitors.

## 靈實復康服務 Haven of Hope Rehabilitation Services

### 食得有尊嚴計劃

靈實復康服務轄下的「食得有尊嚴計劃」起始於2018年，透過學習由日本引入的軟餐製作技術，配合靈實跨專業團隊對進食吞嚥範疇的整全復康理念，致力為有進食吞嚥困難的患者提供外型與味道兼備的軟餐食物。進食不應只限於安全地吞下食物，安全亦不代表能有尊嚴地進食。進食可以是一種視覺、嗅覺及味覺的享受；是一家人或朋友相聚的活動；是一種文化及記憶的體驗傳承。靈實「食得有尊嚴計劃」深信每個生命的綻放都不應因疾病及年齡而有所限制，應尊重服務使用者對食的渴求及選擇，實踐尊重生命的宗旨，讓他們有「吃得好的尊嚴」。

「食得有尊嚴計劃」推行至今已進入第三階段，第一階段為預備階段，學習軟餐製作技術，走訪靈實不同服務單位及於社區內講解及示範軟餐製作。第二階段則為試驗階段，開始為各服務單位提供節日軟餐食品及訂製下午茶美食。踏入2021年的第三階段為推行階段，為不同服務單位提供軟餐午餐及節日軟餐美食。同時亦邀請了註冊營養師及職業治療師為軟餐計算營養價值及審核軟餐標準等，使「食得有尊嚴計劃」維持於專業及高質素的水平。現時每月，已恆常有約100位分別來自5個服務單位的使用者進食此計劃提供的軟餐午餐，節日時的受惠對象更為平常的一倍。靈實期望日後陸續有更多來自不同服務單位的使用者能夠受惠於「食得有尊嚴計劃」，有尊嚴地重拾進食所帶來的樂趣。

### Eating With Dignity Project

HOHCS' "Eating with Dignity Project" started in 2018. Through acquiring the soft meal making technology introduced by Japan, and incorporating HOHCS' multi-professional team's comprehensive rehabilitation methods of eating and swallowing, we are committed to providing good quality and delicious soft meals for our patients. Eating should not be limited to swallowing food safely; and being safe does not mean you can eat with dignity. Eating is a pleasure of sight, smell and taste; it is an activity where family and friends come together; it is also an inherited cultural and memory experience. HOHCS' "Eating with Dignity Project" firmly believes that one's experiences in life should not be limited by age and sickness. We respect service users' desire and choice for food as everyone has the right to achieve "dignity of eating well".

Since the implementation of "Eating with Dignity Project", we have entered its third stage. The first stage was the preparation stage where we learned about soft meal production techniques and visited different service units of HOHCS and various bodies in the community to explain and demonstrate soft meal making. The second stage was the experimentation stage where we started producing soft meals for festive occasions and customised afternoon tea delicacies for various service units. The third stage in 2021 is the implementation stage where soft lunches and festive soft meals will be provided to different service units. At the same time, registered dietitians and occupational therapists were invited to calculate the nutritional value of our soft meals and review its standards so that we maintained a high quality and professional standard for the project.

At present, through this project, about 100 users from 5 service units would benefit from the soft lunch every month and the number of beneficiaries during festive occasions have more than double the usual. HOHCS hopes that more users from different service units will benefit from the "Eating with Dignity Project" and help them regain the pleasure of eating food.

在主恩的保佑下，多個實體文化活動如期進行，並繼續得到熱烈支持。「愛樂・家點希望音樂會2020」由香港愛樂團主辦，為靈實「築動生命全方位關顧計劃」籌募經費，用作擴建長者院舍，以及為晚期病人、嚴重殘疾和智障人士提供更全面的全人照顧服務。去年適逢是貝多芬誕辰250周年，音樂會以這位失聰音樂大師作為主題，其以生命歷練譜寫的感人樂章為疫症陰霾下的社會注入強大力量。

With the blessing of the Lord, a number of on-ground cultural activities were able to proceed as scheduled and received enthusiastic support. "Bringing Hope Home Concert 2020" sponsored by the SAR Philharmonic Orchestra helped raise funds for the "Haven Project" to expand elderly homes and provide more comprehensive whole person care services for the terminally ill, severely disabled and mentally handicapped. Last year, coinciding with Beethoven's 250th birth anniversary, the orchestra paid tribute to the world-renowned music maestro and played some of his moving life compositions which injected a powerful energy boost to the society under the gloom of the pandemic.

## 財政 FINANCIAL

於2006/2007年度，靈實醫院行政總監開始由醫院管理局委任。有鑑於此，董事會認為基督教靈實協會並未能對醫院施行重大的行政管理控制。因此，由2006/2007年度起，醫院的政府資助服務不包括在基督教靈實協會之財政報告內。而醫院的非政府資助服務，包括靈實小賣部、紓緩治療（善終）服務及社區醫療服務，則包括在基督教靈實協會財政報告內之醫療輔助服務項目。

Starting from 2006/2007, the Hospital Chief Executive of the Haven of Hope Hospital (the Hospital) began to be appointed by the Hospital Authority. Pursuant thereto, the Directors do not consider the Haven of Hope exercises significant management control over the Hospital. The activities of the subvented services of the Hospital were therefore excluded from the financial statements of the Haven of Hope starting from financial year 2006/2007. The activities of the non-subvented services of the Hospital, including Haven of Hope Convenience Store, Hospice Care and Community Medical Service, are included in these financial highlights as Medical Ancillary Service.

### 基督教靈實協會

不包括靈實醫院政府資助服務（截至2021年3月31日止）

### Haven of Hope Christian Service

Excluding Haven of Hope Hospital Subvented Service (for the year ended 31 March 2021)
