

Haven of Hope Woo Ping Care & Attention Home

About Us

Haven of Hope Woo Ping Care & Attention Home is one of the good choices for the elderly to stay for the rest of their lives which provides Long-term Residential Service as well as Respite Care Service. The respite care service is especially designed for elderly who requires rehabilitation service because of stroke or other illnesses. It is also a comfortable and safe home for the elderly to stay for a short period of time when their family members are out of town due to different reasons. The harmonious relationships between the service users and the staff create a warm atmosphere for the elderly.

Characteristics

- Professional nursing team with a higher ratio of nurse to elderly compare with other elderly home which ensures quality nursing care service could be rendered
- Purposely built elderly home with spacious environment
- Different divisions such as Dementia Unit, Intensive Nursing Care Unit and Nursing Care Unit which could provide individualized service according to the needs of the elderly
- Provide Respite Care Service and tailor-made rehabilitation plan for the elderly
- Elderly can decorate their room according to their preference
- Located at the centre of Tseung Kwan O with convenient transportation. With private environment but also closely link with the community at the same time
- A comfortable and tranquil environment with different theme gardens
- Special and various kinds of recreational activities which help to bright up the life of the elderly
